ADDITIONAL CONSIDERATIONS (Please refer to the appropriate section on Attachment 1 for the additional considerations listed below.)

ZONE A
STUDY UNDERWAY
NON-PARTICIPATING COMMUNITY

This document provides the Federal Emergency Management Agency's determination regarding a request for a Letter of Map Amendment for the property described above. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we have determined that the property(ies) is/are not located in the SFHA, an area inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood). This document amends the effective NFIP map to remove the subject property from the SFHA located on the effective NFIP map.

This determination is based on the flood data presently available. The enclosed documents provide additional information regarding this determination. If you have any questions about this document, please contact the FEMA Map Assistance Center toll free at (877) 336-2627 (877-FEMA MAP) or by letter addressed to the Federal Emergency Management Agency, 12101 Indian Creek Court, Beltsville, MD 20705.

LETTER OF MAP AMENDMENT DETERMINATION DOCUMENT (REMOVAL) ATTACHMENT 1 (ADDITIONAL CONSIDERATIONS)

ZONE A (This Additional Consideration applies to the preceding 1 Property.)

The NFIP map affecting this property depicts an SFHA that was determined using the best flood hazard data available to FEMA, but without performing a detailed engineering analysis. The flood elevation used to make this determination is based on approximate methods and has not been formalized through the standard process for establishing base flood elevations published in the Flood Insurance Study. This flood elevation is subject to change.

STUDY UNDERWAY (This additional consideration applies to all properties in the LOMA DETERMINATION DOCUMENT (REMOVAL))

This determination is based on the flood data presently available. However, the Federal Emergency Management Agency is currently revising the National Flood Insurance Program (NFIP) map for the community. New flood data could be generated that may affect this property. When the new NFIP map is issued it will supersede this determination. The Federal requirement for the purchase of flood insurance will then be based on the newly revised NFIP map.

NON-PARTICIPATING COMMUNITY (This additional consideration applies to all properties in the LOMA DETERMINATION DOCUMENT (REMOVAL))

This community is currently either suspended from or not participating in the National Flood Insurance Program (NFIP); therefore, flood insurance is not available. To learn if this community has been reinstated in or has joined the NFIP, thus making flood insurance available, please call (800) 638-6620.

The Flood Disaster Protection Act of 1973 (Public Law 93-234) provides that lenders regulated by, or whose deposits are insured by Federal Instrumentalities may not make loans that originate from, or are secured, insured, or guaranteed by a Federal government agency for improved real property or mobile homes located in a Special Flood Hazard Area (SFHA) in a suspended or non-participating community. They may however, make conventional loans secured by improved real property or mobile homes located in SFHAs because the mandatory purchase of flood insurance requirement does not apply to conventional loans. Such lenders must, however, notify the purchaser or lessee of such property that the flood hazard exists and whether or not Federal disaster assistance will be available to the property in the event of a flood disaster.

This attachment provides additional information regarding this request.
