PROP No. 22-23-06, Vision Insurance

**ADDENDUM #1
August 17, 2022**

**CLARIFICATION / ADDITIONAL INFORMATION FOR THE PROPOSAL SPECIFICATIONS
AS FOLLOWS:**

Question: Can we obtain a benefit summary?

Answer: See Attachment 1: Schedule of Vision Benefits

Question: Does the County Pay anything except for the monthly premium or do you pay for the claim as well, i.e. self-funded?

Answer: Yes, we are self-funded. Currently, though, the premiums are 100% employee paid (no County contributions) and then those premiums are collected and used to pay the claims incurred which is currently sometimes subsidized by the dental plan as the current premiums do not cover the cost of the claims.

Question: Who is the current carrier for the Vision Insurance?

Answer: We do not have a carrier. We do our own participation agreements with dentist and optometrists.
