PROP No. 22-23-05, Dental Insurance

ADDENDUM #2
August 23, 2022

ADDITIONAL INFORMATION / CLARIFICATION FOR THE PROPOSAL SPECIFICATIONS
AS FOLLOWS:

Question: Currently, oral surgery is not covered under the dental plan. Please confirm that oral surgery will continue to be covered under the County's medical plan.

Answer: Oral surgery will continue to be covered by the County's Medical Plan; we would be interested in a dental plan option as well if proposed.

Question: What commission percentage is the County requesting to be included in the pricing if working with an insurance agent or broker?

Answer: We do not request any commission; we ask that all fees be calculated into the quoted price and that the carrier handle any agent or broker fee if needed; we are not currently paying an agent or broker independently for services.

Question: What is the out of network reimbursement? 90th or MAC?

Answer: San Juan County out of network rates are calculated at 70th percentile on the billed charges.

Question: Please provide an experience report to include total lives and total claims on a monthly basis.

Answer: See Attachment 1
