

SAVE A LIFE

**SECURE
YOUR
SEPTIC
TANK
LID!**

**Children and animals playing on or around
a septic tank lid can fall in and drown-
*prevent a needless death***

- Find & mark your septic tank lid so vehicles and people can avoid it.
- Inspect your septic tank lid regularly, at least yearly.
- Fix or replace any broken or missing parts. Including sun damage!
- Keep lid secure. Use bolts, screws, or locks.
- Don't drive or park on septic tank lids to prevent damage.
- NEVER leave an open septic tank unattended during inspection or servicing.
- Teach your children to not play on or around septic tanks
